Approval

RECOMMENDATION:

That Council authorizes the transfer of ownership of the Town's 616 dragon boat back to the original owner the "Comox Valley Dragon Boat Society" and that the Town agrees to continue with the moorage that exists for this boat without cost for a period of 5 years.

BACKGROUND:

While under the Recreation Commission the Recreation Department purchased a 616 Dragon Boat from the CVDBS with an agreement to provide moorage, insurance, storage, repairs, licensing for a boat trailer and provide for the administration of the boat. The administration of the boat included the renting of the boat to third parties, providing liability insurance and facilitating programs. When the Recreation Commission dissolved in 2009 the Town of Comox accepted the terms of this agreement. This agreement allows that either party may withdraw from this partnership giving one year's notice.

NOTE:

Due to its location the area that the Dragon Boat uses at the Town's Marina is generally thought to be unsuitable for other boats.
